

Public Notification of RSPO initial MSA Audit of Independent Smallholders

PAIGUAY - ASOCIACIÓN DE PRODUCTORES AGROPECUARIOS INDEPENDIENTES DE PALMA AFRICANA DE GUAYMAS, HONDURAS

RSPO Membership: 1-0466-23-000-00

Dear Stakeholders:

PAIGUAY - Asociación De Productores Agropecuarios Independientes De Palma Africana De Guaymas of Honduras has commissioned SCS Global Services to conduct an RSPO Initial MSA of ISH Group Assessment located near Aldea 36 Guaymas, El Negrito, Yoro, Honduras.

SCS Global Services plans to conduct the Initial MSA assessment of the ISH Group from **April 27–29, 2026**. The assessment will be conducted against the Roundtable on Sustainable Palm Oil Independent Smallholder Standard 2024.

The assessment will cover legal, environment, economic, workers' health and safety, and social aspects as required by the RSPO Independent Smallholder Standard. Below is general information related to the ISH Group.

Paiguay is a Honduran association of more than 800 small-scale Oil palm producers, founded in 2016 with the mission of improving the quality of life of its members. This goal is achieved by increasing productivity, providing access to specialized technical assistance, and facilitating the supply of agricultural inputs.

Since November 7, 2023, Paiguay has been a full member of the RSPO (membership 1-0466-23-000-00). Currently, the association has a strategic group of 31 smallholders undergoing certification, who manage 112 plots in the department of Yoro. This group, originally consisting of 32 members, was reduced following the death of one of its founders. The certification and organizational strengthening process has been supported by Hondupalma, an entity that not only provides advice, training, and structure but also acts as the main commercial partner by purchasing the association's production.
