| Additional products   | \$110/product           |
| 51+ products  | Call for quote          |
| Expedited Certification <sup>1</sup>  |                         |
| Organic certification typically takes between 12-16 weeks (60-80 business days) from application to certification. Operations seeking to obtain certification within a shorter timeframe are encouraged to register for expedited certification. The following expedited services are available, pending administrative capacity: |                         |
| <b>Estimated timeframe:</b>   | <b>Additional rate:</b> |
| <12 weeks (<60 business days)   | 50%                     |
| <8 weeks (<40 business days)  | 100%                    |
| <4 weeks (20 or fewer business days)  | Inquire                 |

| <b>Auditor Travel Expenses</b>              | Travel time billed at \$62.50 hourly, expenses at cost plus 25% |

### Notes:

1. Service delivery times are estimates based on receipt of complete and auditable organic system plan, with clear and robust supporting documentation and records as applicable to your operation. These estimates do not account for additional requests for information due to incomplete or unclear submissions or time needed for applicants to respond to such requests.
2. Corrections will be billed as a new certificate request.
3. Labels must be of same general layout, design, and brand for bulk rate to apply.
4. Additional inspections may be required to process scope expansions (new land, facilities, processes, etc.) or may result from the necessity for increased surveillance of certified operations or for investigative purposes. Additional inspections may be announced or unannounced. This fee also applies to additional audit days for multi-day inspections.
