

Health Product Declaration (HPD)

What is it?

An HPD provides full disclosure of product contents and associated health hazards, and is based on the HPD Open Standard v2.1.

Benefits of a Verified HPD

- Contributes to credit in LEED v4, WELL, Living Product Challenge, Google Portico
- Supported by the nation's top architecture and design firms
- Ability to maintain confidentiality of material ingredients and proprietary formulation
- Meets customer demand for material health hazard transparency
- Cost and time effective, and a gateway to Cradle to Cradle Certified™ and Declare
- Confirms accuracy of the disclosed content
