

Temporary Exemption List for Use of Prohibited Pesticides

SCS Global Services Sustainably Grown

SCS Global Services (SCS) is dedicated to a systematic, transparent, and scientifically-based process for reviewing requests for temporary exemptions for use of pesticides listed in the *Sustainably Grown – Pesticide Policy and Prohibited Pesticide Reference List*. The temporary exemption request review process includes a formal assessment of risk based on actual or intended use of the pesticide, the availability of viable alternatives, plans for mitigation if an exemption is granted, and the process for evaluating alternatives to the prohibited pesticide. Requests for temporary exemption are reviewed and analyzed by SCS in consultation with the IPM Institute of North America, Inc. For temporary exemptions that have been granted, the operation must ensure adherence to all label restrictions and applicable laws, as well as ensure that the prohibited pesticides are used in a manner consistent with the additional use restrictions detailed in the client's SCS Temporary Exemption Request Expert Review Report. For more information about the temporary exemption process, see the *Temporary Exemption Procedure for Prohibited Pesticides* available online at: www.scsglobalservices.com/sustainably-grown-certification.

Following is the list of certified clients and current temporary exemptions. This list will be updated quarterly. For more detailed information regarding a specific certificate holder's temporary exemptions, please contact SCS at SGcert@SCSGlobalServices.com.

Client	Product	Active Ingredient/ Product Name	Target Pest	Temporary Exemption Granted	Temporary Exemption Expiration
Agroindustrial Bananera del Caribe S.A.	Pineapples	Lambda-cyhalothrin (Karate Zeon 25 SC, Lambda-cihalotrina 2.5 EC)	Thecla moth and Elaphria moth	10/25/2019	12/12/2020
Agroindustrial Bananera del Caribe S.A.	Pineapples	Paraquat (Paraquat dichloride)	<i>Stable Fly</i>	10/25/2019	12/12/2021
Agroindustrial Bananera del Caribe S.A.	Pineapples	Brodifacoum (Broditop 0.005 BB, Klerat 0.005 BB)	Rodents	10/25/2019	12/7/2022
Agropecuaria Bellamar Tiquisate, S.A.	Bananas	Chlorothalonil (Knight 72 SC, Balear 72 SC, Bravo 72 SC)	<i>Mycosphaerella fijiensis</i> (Black sigatoka)	4/6/2020	1/31/2022
Ananas Export Company S.A.	Pineapples	Lambda-cyhalothrin (Karate Zeon 25 SC, Lambda-cihalotrina 2.5 EC, Fortin 2.5 EC)	<i>Thecla basilides</i> (Thecla moth)	11/28/2018	12/12/2020
Ananas Export Company S.A.	Pineapples	Ethoprofos (Mocap 72 EC, Foragro Ethoprop 72 EC, Axis 72 EC)	Symphilids, nematodes and other soil pests	11/28/2018	12/12/2021
Ananas Export Company S.A.	Pineapples	Brodifacoum	Control of rodents	3/11/2020	2/28/2023

Client	Product	Active Ingredient/ Product Name	Target Pest	Temporary Exemption Granted	Temporary Exemption Expiration
Bananera La Libertad, S.A.	Bananas	Chlorothalonil (Knight 72 SC, Balear 72 SC, Bravo 72 SC)	<i>Mycosphaerella fijiensis</i> (Black sigatoka)	4/6/2020	1/31/2022
Bracam Pital, S.A.	Pineapples	Oxamyl (Raizate 24 SL)	<i>Acrolophus popeanella</i> (tubeworm moth) and nematodes	11/1/2019	9/30/2021
Bracam Pital, S.A.	Pineapples	Paraquat (Paraquat dichloride)	Stable Fly	11/1/2019	12/12/2021
Bracam Pital, S.A.	Pineapples	Brodifacoum (Broditop 0.005 BB, Klerat 0.005 BB)	Rodents	11/1/2019	12/7/2022
Bullseye Farms	Almonds	Lambda-cyhalothrin	navel orangeworm, leaffooted bugs	3/31/20	3/31/22
Bullseye Farms	Almonds	Abamectin	leaffooted bugs	3/31/20	3/31/22

Client	Product	Active Ingredient/ Product Name	Target Pest	Temporary Exemption Granted	Temporary Exemption Expiration
